

## Lesson 13: Construct Mock-Up

### Engagement Questions:

| Characteristics of a Successful... |           |          |                 |
|------------------------------------|-----------|----------|-----------------|
| Engineer                           | Scientist | Designer | Project Manager |
|                                    |           |          |                 |

### Evaluation:

How does assigning a different job to each member of your team (designer, scientist, project manager, engineer) help you to complete your Mars rover mission? \_\_\_\_\_
